How much do the programs cost?

Like our Transportation program, a service fee is charged for the Handyman Program. These are “screwdriver & pliers” tasks of no

more than one hour. Cost is \$10 per service call, plus any materials purchased. Grass cutting/leaf removal is \$5 per visit, which is done every other week.

Who will be doing the work for these services?

The Senior Services evaluates all service individuals or contracted parties.

Why are these programs good for our community?

We created the programs to help our elderly or disabled citizens for whom some tasks become too challenging. The programs are good because they can provide independent living, necessary transportation and low cost repairs and maintenance services for seniors or the disabled on fixed incomes. The programs provide the resources to help maintain our neighborhoods, provide jobs, and community outreach opportunities.

How do I apply these services?
